## About the Placement Drive

1) IISEED presents a unique opportunity for **Pre-Final year** & **Final Year** Engineering & Masters students in the Electrical, Electronics, and Telecommunication departments, to secure Jobs & Internships in renowned product companies.

2) Students can participate in this online "Placement Drive Examination" conducted by IISEED on **26th May 2024**. IISEED has collaborated with over 25+ Semiconductor companies across India to bring over 130+ Job & Internship openings in Bengaluru, Hyderabad, and Noida locations.

3) There is no cut-off marks / no pre-requisites to participate in this examination. Every passionate student can participate!

4) For the examination in **May 2024**, the focus for placement drive is for "Digital" Engineering Roles.

5) Students must study for this examination with the syllabus mentioned in this link: https://iiseed.org/iiseed-2024-exam-syllabus/

6) Students are reminded to approach this examination with utmost sincerity, **without** resorting to external assistance such as Google (or) ChatGPT (or) seeking help from friends / cheating with books. The examination platform employs strict measures to detect cheating & misconduct, to ensure a fair assessment process. Any slight misconduct detection will disqualify the candidate!

7) Interested Students need to register compulsorily for attending the online examination on **May 26, 2024**.

## Internship Opportunities

### For Pre-Final Year Students
(For 3rd year Engineering & 1st year Masters Students)

1) **Internship Opportunity**: IISEED, presents a unique chance for pre-final year Engineering & Master's students in the Electrical and Telecommunication departments to secure internships in renowned product companies. This opportunity allows students to gain industry experience while still pursuing their education, enhancing their future career prospects.

2) Interested students need to register for the examination through this link: https://iiseed.org/iiseed-internship-drive-registrations/

3) **Note:**

   The placement drive is one of the **non-profit initiatives** by IISEED. However, there are logistics & administrative costs involved in conducting the online examination & evaluation of candidate's papers. Hence, there is a nominal fee that is to be paid by students aspiring to attend this examination. Students should make this fee payment directly to the examination logistics person by following the mentioned steps in the website link.

4) Learn more about IISEED by clicking here (www.iiseed.com).

5) Students may optionally attend this online webinar (click) to get an overview of the placement exam and also learn about VLSI job market scenario in 2024..

6) Students must study for this examination with the syllabus mentioned in this link: https://iiseed.org/iiseed-2024-exam-syllabus/
