Details

The Graduate Engineer Trainee (GET) Program - 2025 at Reliance aims to hand-pick young, high-potential engineering talent across India and nurture them to take on key technical roles across Reliance.

Eligibility Criteria:

- **Freshers with full-time B.Tech/B.E.** degrees from any AICTE-approved institute, graduating in 2025, in the field of Chemical, Mechanical, Electrical, Fire, Civil, Metallurgical or Instrumentation.
- **Full-Time Engineering from AICTE-Approved Colleges:** Pursuing full-time B.Tech/B.E. from AICTE-Approved colleges.
- **Minimum CGPA / Percentage:** Minimum 60% or 6 CGPA across 10th, 12th, and Diploma (if applicable) and a minimum aggregate of 60% or more in engineering (up to latest semester).
- **No Active Backlogs and No Cases of Detention:** Students who currently have active backlogs or have experienced academic detention are not eligible.

Here's what you can expect:

The GET program provides a launch pad for budding engineers by giving them training and exposure through a structured learning journey.

- **Discovering the exciting world of Reliance** through a robust Onboarding and Orientation program.
- **Building Technical Capabilities** through a structured Learning program (discipline-specific, cross-discipline and on-the-job).
- **Making your career shine** by leveraging growth opportunities available for young calibre engineers.

Annual Compensation: INR 7.5 LPA for Non-IITs & INR 9 LPA for IITs.

Opportunities for GETs in Reliance span across the following areas:

Manufacturing

We are one of the few companies globally with integration from oil to transportation fuels, polymers and elastomers, intermediates, and polyesters. Our world-class refining and petrochemicals manufacturing assets are located at Jamnagar, Hazira, Dahej, Nagothane, Vadodara, Patalganga, Silvassa, Barabanki and Hoshiarpur as well as in Malaysia at Nilai, Melaca, and Kuantan. Exploration and Production (E&P)

Our quest to secure India's energy needs led us to explore and discover Oil and Gas fields in deep-sea waters. In 2002-2003, we made a significant deep-sea discovery of gas reserves in the Krishna Godavari basin—the KG D6 Block. [Click here to learn more.](#)

Procurement & Contracting

P&C is an integrated material procurement, services contracting and material management function. It operates to procure quality products and services in the most cost-effective and time bound manner.

New Energy

Reliance has committed to an ambitious target of achieving net-zero carbon status by 2035. Our New Energy proposition is key to achieving this. [Click here to learn more.](#)

Since its inception in 2023, Reliance Bioenergy has rapidly emerged as India's largest bioenergy producer. At the forefront of transforming waste into energy, we are pioneering a circular economy approach to achieving net carbon zero at Reliance. [Click here to learn more.](#)
